Dear Sir or Madam,

Re: for the post of IT Manager

With reference to your announcement in www.pelprek.com web site. I wish to apply for the position of **IT Manager** to your company. I am an organized and responsible person, and plan my work to meet deadline. My current position is IT Manager at T.A.G Job Centre Co., Ltd.

I have a strong interest in the above-mentioned position, and I believe that my skills and my experience would make me a valuable asset to your company.

I graduated from Royal University of Phnom Penh with field Computer Science and Engineering. At there I am a student of all that lead group assignment in class. And I was complete course training with field Visual Basic 6.0 and Ms. SQL Server.

I graduated from Human Resource Development Center (Cambodia) with field Computer of Web Development for two years. At there I was study HTML, CSS, VB Script, Java Script, ASP, PHP with My SQL database and also have some sample project that I ever had done during I study.

Moreover I'm a student who was selected from academic office of IT Department to lead and teach *Willingness Sharing Youth Club* and help the student that need study plus on web design and network subjects. I hope that I am a candidate of all that suitable with this position.

Yours Faithfully

Neang Tola
